

## Spartan Juniper *Juniperus Chinensis 'Spartan'*

02-10

| <u>Hardiness</u> | <u>Exposure</u>           | <u>Soil</u>                | <u>Water</u>                               | <u>Flowers</u>                   | <u>Height</u> |
|------------------|---------------------------|----------------------------|--|----------------------------------|---------------|
| Zones 1-24       | Full sun or partial shade | Grow taller in better soil | Little or no watering to moderate watering | Berrylike fruit instead of cones | To 15 feet    |

*Spartan Juniper! The dark green foliage and tight conical shape of this medium-sized juniper make it a must-have for the landscape. This multi-functional shrub can be used as a backdrop to contrast colorful perennials and deciduous shrubs, as an effective screen to block out unsightly views or as an attractive focal point all by itself. With its multitude of uses every garden should have at least one, if not several.*
