Afghan or Mondel Pine

Pinus eldarica

02-22

<u>Hardiness</u>	<u>Exposure</u>	<u>Soil</u>	<u>Water</u>	<u>Flowers</u>	<u>Height</u>
Zones 7-9, 11-24	Full sun	Tolerant, but best if uniform	Little watering	Not significant	30-80 feet tall

Similar to traditional Christmas trees is the Eldarica pine (*Pinus eldarica*). It is quick growing and stays upright. Because it is drought tolerant, it can be planted in dry areas. At full maturity it can reach forty feet in height and twenty feet in width. It has medium green foliage (needles) on branches starting at ground level.
